EXPERIENCE

Project Manager Sept 2023 - present
Spark! @BU | Boston, MA

- Drive and oversee development, implementation, and support of the project management methodology.
- Lead cross-functional teams to ensure stakeholder & customer needs were delivered on time with desired outcomes with full accountability for project results.
- Perform project tracking through Trello & Slack, utilizing an agile workstyle to ensure timely completion of tasks and effective team collaboration.

AI Integration & Solutions Intern Nov 2022 - present
Dakota Systems | Chicago, IL

- Assess & implement open-source AI technologies in order to improve organizational, technical, and business processes. Collaborated with multiple cross-functional teams to understand the needs of different stakeholders
- Utilize basic AI processes and tools [NumPy, SciPy] to validate and ensure identified tools.

Software Engineering Intern July 2022 - Sept. 2022
ZenHR | Amman, Jordan

- Independently built storybook components for zenhr.com's front and back-end, utilizing technologies like Ruby on Rails.
- Collaborated with multiple sprint teams to understand their needs for the website, updated with new features accordingly.

Web Development and Marketing Intern July 2020 - Aug. 2020
Ayla | Amman, Jordan

- Redesigned and maintained ayla.com.jo, with a focus on user experience, to boost user retention and click rate. Increased click-rate by ~25% within the first month of launch.
- Worked with marketing & branding teams to understand the most effective way to brand and boost content, built advertisements with tools such as Adobe Photoshop and Illustrator.

TECHNICAL PROJECTS

Dibs! | *Expo, React Native, Firebase* July 2022 - present

- Leading the development of an eco-friendly mobile app as a part of BU Spark!, while following Agile methodologies.
- Oversee and manage all aspects of product development, including planning, stakeholder communication, app development, testing, and deployment.
- Ensuring successful app execution within timelines while mitigating project risks.

hayamaj.com | *Node.js, TailwindCSS, MongoDB, AWS* August 2022

- Designed, built, and locally hosted a website to showcase my interests and projects, utilizing Node and Tailwind CSS
- Site hosted on AWS, utilizing EC2 and Cloudfront (containerization is good for scalability)

TECHNICAL SKILLS

Languages: Python | Java | JavaScript | C | HTML | CSS | Ruby | SML
Technologies/Frameworks: React | Node.js | Adobe | Rails | Figma | TailwindCSS | AWS | Heroku | PostgreSQL
